WHITewater • RECREATIONAL • TOURING KAYAKS

## HISTORY

For the folks at Dagger, paddling has always been a way of life. For nearly 20 years our kayaks have been used on rivers, lakes, oceans, and waterways around the world. From the very beginning, to this day our philosophy has been simple; make comfortable boats that perform well and exceed the paddler's expectations.

But along this paddling timeline we have discovered even more than we would have imagined back in the early years. New technologies, better materials and advanced product design along with paddling "know how" have enabled us to push kayaking boundaries even further. Today's Dagger boats are the highest performance, strongest and lightest ever, all made possible from years of hard work, river miles and a commitment to kayaking.

So as you hop into a Dagger Kayak it's easy to see why we have a reputation for making the best boats. Our mission is the same as it was from day one; to design boats that you absolutely enjoy paddling and that allow you to experience the unrivaled joy of being on the water.

# TEAM D

It is tough to describe the history and legacy that goes in to being on Team Dagger. Our Team has represented the purest form of whitewater paddlers. World Champions, World record holders and World travelers. But beyond the glory of a new waterfall record there is the same Team Dagger that teaches roll clinics, offers free beginner classes, donates time to charity or has started a paddling program to benefit those that might otherwise never get a chance to experience kayaking. Our Team not only pushes the sport to new levels but also enjoys giving back and encouraging others. Anna Levesque started 'Girls at Play' while Hobie helped create 'Paddle with the Pros' and was recently named along with Anna as an American Whitewater Athlete Ambassador. And then there is Brad Ludden and 'First Descents', a kayak camp for young adults living with cancer. Our Team knows it not just about the victories but about making contributions and getting people on the water. Dagger is proud to support the men and women of Team D and all they do for the sport of kayaking.

## SAFETY INITIATIVE

Let's face it, paddling is fun. It doesn't matter if you are on a class II day trip or a class V exploratory mission, being on the river makes you happy. But along with the fun comes responsibility. That's why Dagger Kayaks is the first whitewater kayak company to offer up a series of FREE safety classes designed to help educate paddlers for emergency situations. Set in a classroom format, the Dagger Safety Initiative (DSI) is a one day dry land training class that will teach you the fundamentals of river awareness. While it is easy for anyone to go into a paddle shop and get all the gear and head to the river, it is our goal to give you the knowledge of "what to do" when your day on the river does not go as planned. From throw rope practice and scenarios to choosing the proper equipment, our class is designed to offer you basic safety knowledge and insight that will benefit you and your paddling partners. The DSI program is endorsed by American Whitewater and instructed by nationally recognized SWR instructor and Team Dagger safety man, Mike Mather. Stay tuned to [www.teamdagger.com](http://www.teamdagger.com) for dates and locations of upcoming DSI classes near you.

Known as the most recognized paddler on earth, Tao is a full time globetrotter that has run the biggest first descents for over a decade. With over 50 first descents, 3 World records, a pre-worlds freestyle championship title, a passport that is full of stamps and his own action figure, Tao is a whitewater monster. And while you may catch him on the most recent episode of Stunt Junkies or in Rolling Stone, it is the things he does on the river that are the most impressive.

TAO BERMAN

## WHITewater KAYAKS

Often viewed as the more extreme side of paddling, whitewater kayaking offers something for everyone. For some it is the experience of paddling remote rivers. For others it's a quick trip to your local play park. Regardless of your style, nothing beats a day floating on the river. And here at Dagger, we make the boats for all those adventures. River running, creeking or play boating, our boats are designed to be light, comfortable, dry, easy to roll, and above all, fun to paddle! Our Team of paddlers have been scouring the planet and testing these boats to their limits. When you paddle a Dagger boat, you know you are paddling the kayak that will allow you to reach your full potential.

## Dagger's all new playboat

Dagger's latest playboat, the **Agent**, is in the open and is up for any playboating task asked of it. It's ready for big bounce, big air, and big moves. Never has so much time and technologies gone into a play boat. After 5 versions in three sizes and 2 spots on the Men's U.S. National Team and The North American Cup championship, Dagger figured it was ready. Think performance, agility, forgiveness, comfort, and the ability to go big. It enables you to run the tougher rapids, then pulls up to any play spot and destroys it. It's that good. Make sure to try this one if you're ready to play. It has proven itself even before we released it. The Agent combines a fast hull that carves deep but at the same time releases cleanly for dynamic wave moves all while being so comfortable. We are talking all day play and river running and pain free feet. YES! In addition it is very dry, a rigid hull, and enough rocker in the back to not trip you over when landing big switch tricks. It kills big and small features. Wait till you paddle it and you will see.

Some call him Andrew, we call him Mr. Kayaker. Often considered the most versatile and talented paddler ever, Andrew will shake his head humbly and simply say "I'm just a kayaker." But that is an understatement. Over the past season Andrew not only won the 2006 North American Freestyle Championships and made the US men's freestyle team but also finished 2nd in the coveted Green river race in only his first year competing at the race. In addition Andrew can be found traveling the United States in his Subaru teaching free freestyle clinics for Dagger's Paddle with the Pros and hosting numerous impromptu paddle clinics.

## AGENT 6.0:

Dynamic playboating for the smaller paddler. Get ready to paddle at the next level.

### SPECS:

<b>Length</b>	6' / 180 cm	<b>Weight</b>	28.5 lbs / 13 kg
<b>Width</b>	24" / 61 cm	<b>Cockpit</b>	34" x 18.75" / 85cm x 47cm
<b>Volume</b>	42gal / 158 L	<b>Deck Height</b>	11" / 28 cm
<b>Paddler Weight Range</b>	80-145 lbs. / 36 kg-65 kg		

### FEATURES:

- D - Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Padded foam Footbrace
- Multi adjustable contoured hip pads
- Overthrustrer by IR

## KINGPIN 6.1:

The platform by which all playboats are compared. A playful hull with slicy ends that will dominate waves and holes. Stability that affords awesome down river play.

### SPECS:

<b>Length</b>	6'1" / 227.5 cm	<b>Weight</b>	33 lbs. / 15 kg
<b>Width</b>	23.25" / 63 cm	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm
<b>Volume</b>	44 gal / 166 L	<b>Deck Height</b>	10.75" / 26.9 cm
<b>Paddler Weight Range</b>	80-140 lbs. / 36.3 kg-63.5 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Padded foam Footbrace
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

## KINGPIN 6.2:

The boat that helped shape the revolution and one of our most popular ever. Designed for big moves as well as being paddler friendly.

### SPECS:

<b>Length</b>	6'1" / 240 cm	<b>Weight</b>	34 lbs. / 15 kg
<b>Width</b>	24.75" / 65 cm	<b>Cockpit</b>	34" x 19" / 5 cm x 47.5 cm
<b>Volume</b>	47 gal / 178 L	<b>Deck Height</b>	11.5" / 28.8 cm
<b>Paddler Weight Range</b>	100-180 lbs. / 45.4 kg-81.6 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Padded foam Footbrace
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

## KINGPIN 6.3:

The freedom to do what you like in comfort and control. The strategically well placed volume offers river running performance while the planning hull still allows you to throw dynamic moves.

### SPECS:

<b>Length</b>	6'5" / 252.5 cm	<b>Weight</b>	35 lbs. / 16 kg
<b>Width</b>	26" / 68 cm	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm
<b>Volume</b>	56 gal / 212 L	<b>Deck Height</b>	11.75" / 29.4 cm
<b>Paddler Weight Range</b>	150-230 lbs. / 68 kg-104.3 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Padded foam Footbrace
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

Adrenalin Rush goes big. A member of the US men's freestyle team, a former Jr. World freestyle champion, inventor of the Hail Mary ( a front loop off of a 40 foot waterfall), and a founding father of Young Guns Productions, Rush is the epitome of paddling. His kayaking and film making has taken him to every corner of the earth. His talents aren't just in front of the camera as he has also helped film and edit 'New Reign' and the award winning 'Dynasty'. Be on the look out for YGP's 2007 release of 'The Source' which will showcase Rush's and the rest of Team Dagger's incredible talents.

## RX 6.7:

A perfect hybrid of play and river running. The hull screams speed while the volume says stability. Cartwheels, surfing, down-river control and all day comfort rolled into one stylish package.

### SPECS:

Length	6'7" / 197.5 cm	Weight	33 lbs. / 15 kg
Width	25.5" / 63.8 cm	Cockpit	34.75"x19" / 86.9 cm x 47.5 cm
Volume	52 gal / 196.8 L	Deck Height	10.75" / 63.8 cm
Paddler Weight Range	120-195 lbs. / 54.4 kg-88.5 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Padded foam Footbrace
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

## RX 6.9:

More volume to allow added comfort and forgiveness but the same playful hull. From those must make eddies and attainments, to dynamic play moves the RX does it all. A great travel boat and multi tasker.

### SPECS:

Length	6'8" / 200 cm	Weight	35 lbs. / 16 kg
Width	26.5" / 66.3 cm	Cockpit	34.75"x19" / 86.9 cm x 47.5 cm
Volume	58 gal / 219.5 L	Deck Height	12.0" / 30 cm
Paddler Weight Range	150-225 lbs. / 68.1 kg-102.1 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Padded foam Footbrace
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

RUSH STURGES

While most 20 year olds are wondering what they want to be when they grow up, Pat Keller is out doing it. With a family tree full of whitewater paddlers, it is no surprise that Pat is one of the most recognized names in class V+ creek boating. With countless first descents and a knack for running rapids others have nightmares about, he is well on his way to rewriting the history books of steep creeking. Hailing from Ashville, North Carolina, Pat dominated every creek race he competed in during the 2006 season. His biggest achievement? Not only did he win the Green race in BOTH long and short boat divisions and the overall title of 'Greenman' but he also set a new course record in his Nomad 8.5. Yeah, get some.

## MAMBA 7.5:

The all rounder for youths, smaller paddlers, beginner river runners or advanced big water lovers. Quick and easy to roll plus it is so lightweight. A great platform whether your paddling is just getting started or you're stepping it up.

### SPECS:

<b>Length</b>	7'7" / 227.5 cm	<b>Weight</b>	37 lbs / 17 kg
<b>Width</b>	25.25" / 63 cm	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm
<b>Volume</b>	57 gal / 215 L	<b>Deck Height</b>	13.5" / 33.8 cm
<b>Paddler Weight Range</b>	120-170 lbs / 54.4 kg-77.1 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads
- Multi direction adjustable bulkhead footbrace with foam padding

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

## MAMBA 8.0:

Load up for big trips, surf it, spin it, or set up for that horizon line. The Mamba is truly versatile and a kayak that will be in use for many seasons.

### SPECS:

<b>Length</b>	8' / 240 cm	<b>Weight</b>	42 lbs / 19 kg
<b>Width</b>	26" / 65 cm	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm
<b>Volume</b>	62gal / 234 L	<b>Deck Height</b>	13.75" / 34.3 cm
<b>Paddler Weight Range</b>	150-215 lbs / 68 kg-97.5 kg		

### FEATURES:

- D – Bone welded in seat track
- Foam subframe
- Flipswitch Backband
- Precision adjustable Thigh Braces
- Tool less Vector seat adjustment
- Multi adjustable contoured hip pads
- Multi direction adjustable bulkhead footbrace with foam padding

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Lime

## MAMBA 8.5:

Send er' down your steepest local run or get ready for an expedition anywhere on earth. Big paddlers will love its forgiveness and resurfacing ability.

### SPECS:

<b>Length</b>	8'5" / 252.5 cm	<b>Weight</b>	46 lbs / 21 kg
<b>Width</b>	27.75" / 69 cm	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm
<b>Volume</b>	72gal / 272 L	<b>Deck Height</b>	15" / 37.5 cm
<b>Paddler Weight Range</b>	175-260 lbs / 79.3 kg-117.9 kg		

### FEATURES:

- D – Bone welded in seat track

## RECREATIONAL KAYAKS

Ever wanted to get back to the little coves on a nearby lake? Wished you had a stable boat that you and your family could enjoy together? Want a versatile kayak you can use for years? A recreational kayak is the answer, and for many reasons. **Stability:** A stable platform to not only learn in but to explore in. Great for fishing and outdoor adventure or getting a first timer out on the water. **Comfort:** Comfort is key to be able to paddle all day and in total bliss. Dagger's recreational kayaks offer an oversize cockpit to avoid any claustrophobic feelings as well as offering room for a wide range of body types. **Weight:** Easy to handle and carry to the car and even easier to load for your trip to the lake. We use only the best materials that are not only durable but the lightest we could find. **Performance:** Features such as Dagger's drop skeg technology ensures you stay on track and helps your paddling to progress rapidly.

### APPROACH:

The ultimate in hybrid crossover kayaks. Stable, forgiving, and light with extra cockpit room. Run rivers or paddle on the lake. The cockpit supports the use of a spray skirt and the storage hatches seal tight and dry. Spring-loaded drop skeg helps improve your paddling with directional tracking.

#### SPECS:

Length	10' / 300 cm	Weight	44 lbs / 20 kg
Width	28" / 70 cm	Deck Height	13.5" / 34.3 cm
Max Capacity	330 lbs / 149.9 kg	Cockpit	38.75" x 21.25" / 82.5 cm x 47.5 cm

#### FEATURES:

- Large easy access cockpit
- Adjustable fabric covered thigh braces
- Adjustable thermo molded back rest
- Thermo molded seat pad
- 10" watertight stern hatch
- Bow and stern foam flotation
- Quick access, spring loaded, height adjustable drop skeg

#### COLORS:

- Red
- Orange
- Yellow
- Flame
- Blue
- Sky
- Lime

## BLACKWATER 10.5:

We've updated the classic multi-purpose Rec boat with improved stability and a new easier-to-use skeg, while somehow retaining the best-in-class features that made the Blackwaters our most popular recreational boats ever.

### SPECS:

<b>Length</b>	10'5" / 312.5 cm	<b>Weight</b>	44 lbs / 20 kg
<b>Width</b>	26.75" / 66.9 cm	<b>Deck Height</b>	13.75" / 34.4 cm
<b>Max Capacity</b>	295 lbs / 133.8 kg	<b>Cockpit</b>	38" x 21" / 95 cm x 52.5 cm

### FEATURES:

- Stern hatch storage
- Retractable Ergonomic grab handles
- Quick access, spring loaded, height adjustable drop skeg
- Zone multi adjust backrest
- Thermo molded foam seat and back rest pad
- Sculpted, channeled and vented foam for all day comfort
- Knee pad with inner or outer cockpit brace options

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

## BLACKWATER 12.0:

A bit more length to get there faster and a drop skeg to keep you headed in the right direction. Larger cockpit accommodates larger paddlers or those that may feel claustrophobic. Easy in, easy out, easy to fall in love with.

### SPECS:

<b>Length</b>	12' / 360 cm	<b>Weight</b>	47 lbs / 21 kg
<b>Width</b>	26" / 65 cm	<b>Deck Height</b>	13.75" / 34.4 cm
<b>Max Capacity</b>	345 lbs / 156.5 kg	<b>Cockpit</b>	38" x 21" / 95 cm x 52.5 cm

### FEATURES:

- Stern hatch storage
- Retractable Ergonomic grab handles
- Quick access, spring loaded, height adjustable drop skeg
- Zone multi adjust backrest
- Thermo molded foam seat and back rest pad
- Sculpted, channeled and vented foam for all day comfort
- Knee pad with inner or outer cockpit brace options

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky

ANNA LEVESQUE

## ZYDECO 9.0:

Our easiest-to-paddle, lightest, most approachable kayak design is a true performer. Maximized waterline length combined with a surprisingly zippy hull.

### SPECS:

<b>Length</b>	9'5" / 282.5 cm	<b>Weight</b>	38 lbs / 17 kg
<b>Width</b>	27.75" / 69.4 cm	<b>Deck Height</b>	12.5" / 30.25 cm
<b>Max Capacity</b>	220 lbs / 99.8 kg	<b>Cockpit</b>	38" x 21" / 95 cm x 52.5 cm

### FEATURES:

- Bow and stern deck rigging
- Thermo molded foam seat & back rest pad
- Hammerhead Security locking point
- Ergonomic grab handles
- Knee pad with inner or outer cockpit brace options

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

People often ask "What does it take to be on Team Dagger?" And our answer is simple. Be the best ambassador possible to kayaking. And no one epitomizes this more than Anna Levesque. For years she was a fixture on the whitewater circuit, traveling the country for competitions and enjoying the freedom it gave her. But along the way Anna realized there was a lack of attention for female paddlers. So she decided to do something, and that was to create Girls at Play. So for several months a year Anna continues that tradition of travel. Only now she does it to give back to the female paddling community through instructional clinics, videos, seminars and public speaking. And when Girls at Play needs more travel time, Anna takes them south of the border for some paddling and yoga in Mexico. These ladies have all the fun!

## TOURING KAYAKS

Our belief in “wherever there’s water” extends to every aspect of kayaking. And for those that like to lead life off the beaten path, a touring boat is the perfect escape from the day to day doldrums. Expeditions, day trips, overnights, or family paddling excursions, a touring boat is the paddling pick up we all want. Dagger’s touring boats have a long standing heritage of performance and a reputation for quality. The long sleek lines ensure a fast smooth glide across the water while still providing a stable platform that is user friendly. And then there is the attention to detail. Dual Density hatches that seal water tight, perfectly placed deck rigging and ample room for accessory mounts. The new Zone multi adjust outfitting with thermo molded padding will allow you to enjoy all these miles in absolute comfort and control. Dagger Touring kayaks are a pleasure to paddle and a source for a more adventurous life.

**KASEY AIKNEY & STANLEY**

### EURO X:

Feature rich and with enough space to store everything you could possibly need. The Euro X is the ultimate for multi day touring and expeditions. Smooth gliding and unmatched stability combined with all day comfort.

#### SPECS:

<b>Length</b>	16'8" / 500 cm	<b>Weight</b>	65 lbs / 30 kg
<b>Width</b>	23.25" / 58 cm	<b>Deck Height</b>	12.5" / 31.25 cm
<b>Max Capacity</b>	400 lbs / 181.4 kg	<b>Cockpit</b>	35" x 18.5" / 87.5 cm x 46 cm

#### FEATURES:

- Bow and stern Bulkheads
- Third day storage hatch
- Zone multi adjust thigh braces
- Thermo molded foam back rest pad
- Reflective perimeter safety line
- Rudder option for directional tracking
- GPS and compass mounting locations
- Liquicell technology seat padding

#### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

The Colorado Rockies are known for their countless rivers and creeks as well as thousands of high alpine lakes. But if you want to learn more, just ask Kasey. A long time Colorado gal, Kasey gets more than her fair share of days on the water. Whether it's a big class V stretch of river or a leisurely day of paddling with her pooch, she is known for getting after it and making the most of her paddling season. "Paddling comes in so many forms, I'm just lucky enough to have it all right here! I just wish we could make the summer a few months longer". Well said. We couldn't agree more.

## CATALYST 12.8:

Is it a rec. boat or a touring kayak? All the stability of a rec boat married with the smooth glide of a touring. The hatches and rudder are there when you decide to go the extra mile or 10.

### SPECS:

<b>Length</b>	12'10" / 385 cm	<b>Weight</b>	45 lbs / 20 kg
<b>Width</b>	25" / 62.5 cm	<b>Deck Height</b>	11" / 27.5 cm
<b>Max Capacity</b>	275 lbs / 124.7 kg	<b>Cockpit</b>	38" x 21" / 95 cm x 52.5 cm

### FEATURES:

- Bow and stern bulkheads
- Bow and stern deck rigging
- Zone multi adjust backrest
- Zone multi adjust thigh braces
- Bow and stern dual density hatches
- Rudder option for directional tracking

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

## CATALYST 13.0:

Progress your paddling past your expectations. Whether its an afternoon on the lake or a multi-day adventure, there's tons of storage space so you can spend all the time you want on the water, (and top-shelf outfitting so you'll want to). Stable, fun, friendly and oh so comfortable.

### SPECS:

<b>Length</b>	13' / 390 cm	<b>Weight</b>	51 lbs / 23 kg
<b>Width</b>	26.5" / 66.25 cm	<b>Deck Height</b>	12" / 30 cm
<b>Max Capacity</b>	295 lbs / 131.8 kg	<b>Cockpit</b>	38" x 21" / 95 cm x 52.5 cm

### FEATURES:

- Bow and stern bulkheads
- Bow and stern deck rigging
- Zone multi adjust backrest
- Zone multi adjust thigh braces
- Bow and stern dual density hatches
- Rudder option for directional tracking

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

## SPECTER 14.0:

Smaller shape for smaller paddlers. Take it out for a leisurely lunch break session or fill it up for a weekend getaway. The clean deck lines and flush mount water-tight storage hatches make this boat look as smooth as it paddles.

### SPECS:

<b>Length</b>	14'2" / 425 cm	<b>Weight</b>	58 lbs / 26 kg
<b>Width</b>	24.25" / 60.6 cm	<b>Deck Height</b>	13.75" / 34.4 cm
<b>Max Capacity</b>	285 lbs / 129.3 kg	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5cm

### FEATURES:

- Bow and stern bulkheads
- Zone multi adjust thigh braces
- Zone multi adjust backrest
- Hammerhead Security locking point
- Rudder option for directional tracking
- Thermo molded foam seat and back rest pads
- Bow and stern neoprene hatches with flush fit hard covers

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

## SPECTER 15.0:

From day tripping to long range touring, the Specter offers it all in an affordable package. The perfect balance of stability and speed with the ability to keep you in comfort for the whole trip.

### SPECS:

<b>Length</b>	15'2" / 455 cm	<b>Weight</b>	59 lbs / 27 kg
<b>Width</b>	24.75" / 61.9 cm	<b>Deck Height</b>	13.75" / 34.4 cm
<b>Max Capacity</b>	320 lbs / 145.2 kg	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm

### FEATURES:

- Bow and stern bulkheads
- Zone multi adjust thigh braces
- Zone multi adjust backrest
- Hammerhead Security locking point
- Rudder option for directional tracking
- Thermo molded foam seat and back rest pads
- Bow and stern neoprene hatches with flush fit hard covers

### COLORS:

- Red
- Orange
- Yellow
- Blue
- Sky
- Flame

## SPECTER 15.5 AIRALITE:

Small and light enough to load up on a moments notice but long enough to cover big distances. Airlite offers light weight and stiff performance.

### SPECS:

<b>Length</b>	15'3" / 457 cm	<b>Weight</b>	55 lbs / 25 kg
<b>Width</b>	24.75" / 61.9 cm	<b>Deck Height</b>	13" / 32.5 cm
<b>Max Capacity</b>	320 lbs / 145.2 kg	<b>Cockpit</b>	34" x 19" / 85 cm x 47.5 cm

### FEATURES:

- Bow and stern bulkheads
- Zone multi adjust thigh braces
- Zone multi adjust backrest
- Hammerhead Security locking point
- Rudder option for directional tracking
- Thermo molded foam seat and back rest pads
- Bow and stern neoprene hatches with flush fit hard covers

## Whitewater Performance Fit System™

With the Performance Fit System you get a lighter, stronger and even more bomb-proof boat that has a completely intuitive and toolless outfitting system. So leave the wrenches and screwdrivers at home. We stripped down and simplified the outfitting systems for enhanced comfort and reduced weight – all the while stretching that performance edge that makes the new paddlers happy and keeps the river rats coming back for more. Off the line, these boats come with everything you need, ready to customize and dial-in just the way you like 'em.

### 1 D-Bone™ Welded-In Seat Track

Not only does it make for a lighter boat, but this rigid rail is fused to the hull and prevents hull deformation in all conditions. A more rigid hull = a better performing hull = many jealous friends.

### 2 Multi-Adjustable Hip Pads

Super light with a two-step fastener. So now you can adjust your hip pads in an infinite number of positions. They're lighter, better than anything else out there and adjust quickly and easily on the water. The future just landed in your lap.

### 3 Precision Adjustable Thigh Braces

New thermoformed thigh braces make for a lighter boat and cleaner finish. Plus, we've increased distance between the braces while maintaining that two inches of fore and aft adjustment. You've got performance and safety.

### 4 Flipswitch™ Backband

Fine-tune your fit with the Ladderloc™ buckle on the backband. Then flip the thigh brace-mounted Flipswitches™ to crank down the backband and secure yourself in the boat. Simple. Secure. And dialed-in.

### Overthruster by IR

No more beach balls in the cockpit!! Developed by working closely with our friends at Immersion Research®, the Overthruster™ is an incredible addition of volume for maximizing powerful performance. Now, cranking out big air moves, aerial loops and flips just got easier.

### 5 Vector™ Seat

This year, the Vector™ seat has four contact points that connect your seat to the hull for a stable and secure ride. But for easy adjustability, you only need to adjust two of those points (which are completely toolless) to dial-in for the perfect fit.

### Pleasure Wedger

This little beauty allows the angle of your seat to go up or down, so you can dial it in for your own body size. Like a bucket seat, it cradles (not pushes) your body and lifts from the center, then falls away to the sides. Balance and control are instantly improved. (All boats except RPM & Nomad.)

### Foam Subframe

A foam subframe means that you get great flotation and are paddling a strong, rigid kayak. And what reinforces that fact (and your boat) is the marriage between the subframe and that D-Bone™ welded-in seat track. Yes Kemosabe, we're talking "strong like bull."

### Padded Footbrace

Get this: A footbrace that's integrated with your foam wall and allows the boat to be used by multiple paddlers. Simply remove shims and add them in again. It's lightweight and customizable. It's also solid, impact resistant and provides great control, yet still oh-so-comfy on the feet.

## And just like that, your kayak becomes you

Expert paddlers who have effortless command of their boats achieve a kind of oneness with their kayaks. New Zone outfitting brings that experience to the rest of us. Using intuitive, uncluttered fingertip adjustments, Zone lets you tailor your connection to your kayak in an instant for a more comfortable, more satisfying on-water experience. Get in your Zone. Paddle in it. Stay in it.

Sculpted, channeled, and vented foam self-drains and conforms to your shape, whatever your shape.

Multiple backrest options: height and pitch can change on your whim, with fingertip ease.

Ingenious thigh brace design produces infinite articulation and optimum comfort and mastery of this critical contact point. **ON SELECTED MODELS ONLY**

## Expedition - Touring Comfort Fit System™

Long hauls and uncomfortable boats don't go together. Kinda like ketchup and caviar. So we developed some of the most innovative outfitting ever conceived. It has no mechanical parts and no need for tools to adjust. Yeah, we like the simplicity of it, too. Don't believe us? Then take one of our touring boats for a spin. After all, paddling in unbelievable comfort, efficiency and responsiveness is believing.

### 1 Molded-in Ergonomic Seat with LiquiCell® Technology

Hey, we've got your back. Or in this case, your butt. A molded-in seat lifts your legs and hugs your body while LiquiCell® provides a layer of cushion between your body and your kayak, reducing soreness and shear for those long days of paddling.

### 2 ZONE™ Outfitting thigh brace design

Ingenious thigh brace design produces infinite articulation and optimum comfort and mastery of this critical contact point. **ON SELECTED MODELS ONLY**

### FasTrak™ Aluminum Rudder

Crosswinds and crosscurrents can stink. So we designed a rudder that doesn't. Our aluminum one is stiff, durable and less bulky than plastic. And its slim design makes for low drag. Plus, you can raise and drop it with butter-like smoothness. You like? Thought so.

### Bulkhead System

Yeah, yeah, they keep your stuff dry. But our bulkheads work extra hard to make your boat stiffer and more efficient, too. Made from stiff minicell foam and sealed twice with a hefty sealant, your gear will love you forever.

### Ergonomic Grab Handles

Hey, we'd carry your boat from your car to the water if we could, but these ergonomic grab handles are the next best thing. Designed with soft contours so you can get your hands in with ease so all your trips to the water will be almost as pleasant as the ones in the water.

### Dual Density Hatch Covers

We found it. The perfect hatch cover. (Okay, we had to make it.) Flexible and grippy on the outer ring so you can get to your gear easily and a center that's durable and stiff so it's protected as well. Told you it was perfect.

### Hammerhead Security Bar

Unless your last name is Gates, it might put a dent in your attitude and your wallet if someone walked off with your boat. This bomb-proof security bar makes sure that'll never happen.

### Camlok™ Adjustable Backband

Check it out: Solid boat control, easy adjustability and extreme comfort. Nice, eh? Ratchet buckles integrated into the Zone thigh braces provide quick adjustment from the cockpit. Now you can crank up or relax back with precise fingertip control.

## Official Sponsors of Dagger Paddlesports Inc.

One of the great things about kayaking is the actual drive to your favorite spot. Whether you choose the open highway or a twisty mountain road, getting there can be half the fun. Our Team Dagger paddlers share this nomadic lifestyle and are always combing the country side in search of river festivals, competitions, and events. And while they are running rivers, Subaru has been the vehicle to make these trips possible. With all-wheel drive, plenty of room for paddle gear, and ample roof space, Subarus have been the perfect way for our athletes to travel safely, comfortably and in style. So be on the look out for a Dagger sponsored Subaru at your local river. It will be the one loaded with boats!

On or off the water from head to toe, Nike has the outdoor gear that keeps us warm and stylish. Our partnership with the premier apparel and shoe maker is based on performance and the commitment to athletes that push the sport. Nike has been supporting Team D with the garments to keep them on top of their game and a river shoe that is the stickiest ever. Nike gives our paddlers the ability to "Just do it".

The athletes that make up Team D are hand-picked from the best paddlers in the world, not just for their championship-winning style and video-star talents, but for their ability to share those things with the rest of the paddling world. For six years running Team D's Paddle with the Pros has been the premier instructional program of its kind. Always fun, always

free, and always just for you. Team D invites you to your personal next level – whether it's nailing your first right to left split, increasing the power of your boof stoke, or simply making your eddy turns more predictable. North or South, East or West, there will be a Paddle with the Pros event on a river near you in 2007. Come see what you've been missing. Or come back for your next fix. See [www.teamdagger.com](http://www.teamdagger.com) for schedule and details.

With all the whitewater, recreational and touring events we travel to we need to be able to load boats on our Subarus. Lots and lots of boats. We have a boat for everything and Yakima has the racks and accessories to transport it all. With a variety of rack configurations our travels are made much simpler with the ability to store it all on the roof. Paddles, kayaks, bikes, you name it and we have probably hauled it. Yakima is our answer for getting there and allows our team to "Go Mighty".
